## EXPERIENCE

### JP Morgan Chase | Senior UX Designer 2021 – now

Design a new experience for Chase's bank advisors to help Chase clients manage their wealth more purposefully and effectively

### Lutron | UX Designer III 2019 – 2021

Designed mobile & desktop experiences for millions of consumers and lighting professionals to use Lutron smart lighting products

Led projects from business initiatives to product visions, strategies and designs. Worked closely with developers, PMs, and other stakeholders.

Helped establish Lutron's design system, A/B testing process, and success measurement process.

## Other experiences

### SkySim | Freelance UX Designer 2021

Designed the company's shopping website, config tool, and packaging.

### CMU Research Labs | UX Designer 2019

Designed a privacy management App for DARPA, a board game that helps with sleep quality (sponsored by Phillips), and an Alexa skill that helps the visually impaired apply makeup.

### Liquidnet | Design Consultant 2018 - 2019

Created design concepts and guidelines for their trading alert system.

### Yitu Tech | UX Design Intern 2018

Helped build Yitu's data-visualization design library. Improved the experience of the voice-interactive art installation at the headquarters.

### Pony.ai | Software Engineer Intern 2017

Improved the efficiency of Pony's autonomous driving point cloud labeling tool through machine learning and interaction design. And patented for it.
